

# COMPLETE THE CIRCLE. ZERO LANDFILL.

**SUSTAINABLE INNOVATION.  
ZERO LANDFILL SOLUTIONS.**

Transforming Today.  
Sustaining Tomorrow.

At United, we go beyond food waste destruction. We're helping you achieve your sustainability goals by converting traditionally unrecyclable packaging into renewable energy. Because true sustainability means that nothing goes to waste.

**ONE PARTNER. | COMPLETE SOLUTION. | ZERO LANDFILL.**

## THE UNITED 360° DIFFERENCE

We recycle your food waste—and your packaging—into a cleaner, more sustainable future.

### WE COLLECT

Secure collection of food waste and associated packaging.

### WE PROCESS

Food waste is recycled into nutrient-rich renewable resources.

### WE TRANSFORM

Traditionally unrecyclable packaging is separated and processed.

### WE CONVERT

Packaging is converted into renewable energy through waste-to-energy or ReFuel™.

### ZERO LANDFILL

Nothing goes to waste. Everything is transformed with purpose.

### THE OLD WAY: LANDFILL

Packaging that can't be recycled traditionally ends up in landfills.

Fills landfills

Creates emissions

Reputational risk

Consumers, customers and communities expect responsible waste solutions. Your brand deserves protection.

### THE UNITED 360° WAY: ZERO LANDFILL

We convert unrecyclable packaging into energy, creating value and reducing environmental impact.

### WASTE-TO-ENERGY

Unrecyclable packaging is used as a fuel source to generate clean energy.

### ReFuel™

Materials are processed into alternative engineered fuel to replace fossil fuel in industrial boilers.

## WHY IT MATTERS

### MEET ESG GOALS

Demonstrate real commitment to sustainability.

### ZERO LANDFILL

Divert 100% of waste from landfills.

### REDUCE IMPACT

Lower greenhouse gas emissions and environmental impact.

### LEAD THE WAY

Position your brand as a sustainability leader in your industry.

**TOGETHER,  
WE CAN BUILD A  
CLEANER, STRONGER  
FUTURE.**

Let's turn today's waste into tomorrow's opportunity.

### UNITED 360°

Transforming waste.

Powering a better world.
