YOUR TRUSTED PARTNER FOR A CLEANER TOMORROW

1

PROTECTING YOUR REPUTATION

Secure. Responsible. Sustainable.

RISKY PRODUCTS

Off-spec, expired, recalled
or obsolete products
create risk and liability.

SECURE COLLECTION

Specialized transportation
ensures safe, discreet
and compliant handling.

UNITED PROCESSING

State-permitted facilities
and advanced processing
convert liability into value.

BENEFICIAL REUSE

Materials are recycled
and returned to agriculture
or industrial applications.

No Landfill. No Exposure. No Risk.

Protect your brand, your customers, and your community.

2

THE UNITED 360 DIFFERENCE

Integrated Solutions. Complete Peace of Mind.

TRANSPORTATION

Modern fleet, expert drivers,
and logistics you can rely on.

STORAGE SOLUTIONS

Permitted storage capacity
for seasonal, operational and
emergency needs.

PRODUCT DESTRUCTION

Secure destruction of sensitive,
branded, and obsolete products
with full documentation.

AGRICULTURAL REUSE

Return valuable nutrients and
organic materials to productive
farmland.

PROCESSING & RECOVERY

Advanced treatment and
recovery technologies
maximize value and
minimize waste.

COMPLIANCE CONFIDENCE

State-permitted operations
and regulatory expertise
ensure complete compliance.

SUSTAINABILITY FOCUS

Solutions that support your
ESG goals and reduce your
environmental footprint.

CUSTOMIZED PROGRAMS

Every waste stream is unique.
We build programs around
your needs.

3

FROM WASTE TO RESOURCE

Creating a Sustainable Future Together

WASTE STREAM

Industrial liquids, sludges,
grease, organic residues
and off-spec products.

COLLECTION

Safe, reliable transportation
with specialized equipment
and experienced teams.

PROCESSING

Advanced treatment
and recovery to separate
and refine valuable nutrients.

RECOVERY

Nutrients, organics and
recovered resources are
prepared for beneficial use.

BENEFICIAL REUSE

Materials are returned to
agriculture and industry
to support growth.

KEEPING VALUABLE RESOURCES IN THE CIRCLE AND OUT OF THE LANDFILL.
